*For eligible patients prescribed the product.

What is Novartis Patient Support™?

A dedicated program to guide you through treatment.

Your Novartis Patient Support Team will be there to make starting out less stressful.

Live Support Is Available

Call Novartis Patient Support at **1-844-638-7222**, Monday through Friday, 8:00 AM to 8:00 PM ET, for more information.

How do I get started?

Three simple steps to get started with Novartis Patient Support once you have started treatment:

- 1 Ask your health care provider or care team about getting started with Novartis Patient Support**

Staying on track with treatment is easier with reliable support. Novartis Patient Support helps you get started and stay on treatment.
- 2 Work with your health care provider or care team to complete and sign the Start Form**

Fill out all required sections of the Start Form with your health care provider or care team. Then, sign the form to authorize your enrollment in Novartis Patient Support.
- 3 Connect with your Novartis Patient Support Team**

Our dedicated Novartis Patient Support Team will connect with you and your health care provider or care team to confirm sign up and provide additional information about options that match your treatment plan.

What should I know about insurance coverage?

As you get started, a dedicated team will help you with your insurance.

We'll talk through your insurance options and answer your questions about coverage.

Please contact your health care provider, your care team, or Novartis Patient Support for more information.

We're Thinking It Through With You

You may have more questions about starting a new treatment. You're not alone and our team can provide you with more information.

Some of the most common questions about insurance coverage are:

- Does my insurance cover and pay for my treatment?
- How much will my insurance pay for my treatment?
- Will my insurance require additional verification to approve and pay for my treatment?
- Will my insurance pay for other services related to my treatment?

What is prior authorization?

Prior authorization is an additional step some insurance plans require to approve your treatment.

We'll work closely with your health care provider and your health plan on next steps when prior authorization is needed. As soon as we have more information, we'll let you know.

A dedicated team is just a phone call away.

Our Novartis Patient Support Team can help provide information on benefits verification and prior authorizations. They are available to help you, your health care provider, and your care team.

Questions About Insurance Coverage?

Speak with your health care provider or care team or call your personalized Novartis Patient Support Team at 1-844-638-7222, Monday through Friday, 8:00 AM to 8:00 PM ET.

Is savings support offered through this program?

Co-pay savings start when you sign up.

We understand that paying for treatment, including co-pays, can sometimes be a burden. A co-pay is the amount of money your insurance company asks you to pay for an appointment, procedure, or medication.

Novartis Patient Support Co-Pay Savings is available to patients with private insurance (or insurance provided by an employer or purchased individually) who meet specific eligibility criteria. Once you sign up for Novartis Patient Support, you will be considered for co-pay savings.

\$25
CO-PAY*

If you have private insurance, you may pay as little as \$25 per dose.

To start the process, check with your health care provider or care team to make sure your Start Form is completed, signed, and submitted. See page 3 for more details.

Additional savings support may be available.

If you don't have private or government insurance (for example, Medicare or Medicaid insurance), you may be eligible for other savings support options. Call Novartis Patient Support at 1-844-638-7222, Monday through Friday, 8:00 AM to 8:00 PM ET to learn about other available support programs.

*Limitations apply. Valid only for those patients with commercial insurance. Not valid under Medicare or any other federal or state program. Offer subject to a maximum benefit per course of treatment. See complete Terms and Conditions in the Start Forms for details.
